To Whom It May Concern:

This letter is provided by the written request of Kerem Garip, who has asked me to serve as a reference on his behalf. It is my understanding that Kerem Garip is being considered by your graduate program. The information should not be disclosed to anyone outside of the university without the consent of the student.

I have known Kerem Garip from my “Database Management Systems”, “Web Programming”, and “Software Verification and Validation” classes. He attended my classes as per the regulations and presented his class-related work as requested each time. I have found Kerem to be a mature, capable, and conscientious student who was able to make wise use of his time and resources.

I believe that Kerem Garip has potential as a graduate student and upon earning his degree, he is likely to make contributions to both his profession and society.

If you would like to discuss this further, please feel free to contact me.

Sincerely,

Tamer Uçar, PhD
